

Sandgren 39th Annual Coast PaintOut July 10 - 22, 2017

Bandon July 10-14

Cape Arago July 15-22

Imbedded Workshop July 11-13

This year, RAIN or SHINE with WIND, we will again add PAINTING to the cheese, surfing, fishing and golf associated with the gorse capitol of the Oregon Coast. Then we'll move up the coast to the incomparable riches of the Arago area.

The afternoon reviews of work done during the day will be at but three different locations over the thirteen days of the PaintOut.

The Imbedded Workshop will offer the opportunity for discussion, individual instruction, demonstrations and specific problems/ challenges /assignments designed to encourage your painterly and creative responses to these specific environments. It is the only fee-based activity of the PaintOut. Cost \$300 for three days -10:00 to 5:00pm. Then stick around for the Open Review each day at 5:00 pm. Workshop enrollment will be first come first serve, with the opening of registration announced first to former participants. Indicate your intentions in e-mail to me erik@eriksandgren.com. and reserve your spot with a non-refundable \$50 deposit.

The first day when we will all gather at the Lighthouse

anytime after 9:00 AM. Workshop people will also stay grouped for the next three days also. However, unless you are in the Workshop please choose the most advantageous sites for YOURSELF - in response to your enthusiasm for particular subject matter and perhaps changing, locations mid-day for the light and probably shelter from wind. REGARDLESS of where you paint, bring your discoveries to the designated review sites by 5:00 pm. The Open Review will commence at 5:00 pm sharp each day but Sunday.

Having encouraged your personal choice of painting sites, it is all the more important and interesting to gather and share your work at the Open Review. This is the essence of the PaintOut. Each evening at the review we'll share the location most favored for the following morning. Cell and Web access are shaky in places so its great to gather - really, rather than virtually.

July 10-14 Coquille Lighthouse and Bandon environs

Monday July 10th - first day painting in the vicinity of Coquille Lighthouse

Site characteristics: 3 mile drive into the lighthouse on Bullards Beach Road from Hwy 101 through Bullards Beach State Park.

Review Site: one of the Bullards Beach Group Picnic sites en route to the lighthouse. 5:00 pm

Tuesday July 11- Friday July 14 Review Site: Bandon City Park on 11th Street

4:00 pm Review for the workshop participants
5:00 pm for the Open PaintOut

Bandon area subject matter and alternate painting locations include other sites in Bullards Beach State Park, Old Town out to Tupper Rock and south jetty (restrooms and parking free), town center Bandon docks and marina, the many parks available off of Beach Loop on the cliff top south of town center - Bandon Wayside (no restroom) Devil's Kitchen State Park, Table Rock, Face Rock, Marine Sanctuary from cliff accessible at the end of 11th Street, and China Creek (no restroom).

July 15-22 Cape Arago and Environs

July 15th -16 Review Site Sunset Bay picnic area at 5:00 PM

July 17th Free day/no review

July 18-22nd Review Site Sunset Bay picnic area at 5:00 PM

Saturday Potluck!

Shore Acres, Empire beaches, Charleston or South Slough Charleston marinas, South Slough National Estuarine Interpretive Center, Sunset Bay, Cape Arago State Park, Bastendorf Beach

Site characteristics: previously favored vantage points nearest the lighthouse are no longer accessible. We can paint Cape Arago Lighthouse from Shore Acres State

Park. Lots of parking available- \$5 day-use/parking fee. Views of the distant Arago Lighthouse can be had from the first pullout east of Shore Acres plus a 5-minute walk from that pullout on narrow bark trails OR from Shore Acres parking lot, a 20-minute walk on bark path involving steps up and down ravines. This trail passes along a fabulous stretch of eroding sandstone cliffs and seas pounding over Simpson Reef. Lush surrounding forests are Spruce with salal/huckleberry understory. For painting the (distant) lighthouse I encourage dropping off your gear at the pullout (limited parking) for the shortest walks to viewpoints along trails, then park your cars at Shore Acres (restroom location) requiring a 20 minute walk back to your stashed gear and painting site. Per park rules, pets must remain in car at Shore Acres.
