

Sandgren 39th Annual Coast PaintOut
10-22 July 2017

Bandon July 10-14
Cape Arago July 15-22
Embedded Workshop July 11-13

This year, RAIN or SHINE with WIND, we will again add PAINTING to the cheese, surfing, fishing and golf associated with the gorse capitol of the Oregon Coast. Then we'll move up the coast to the incomparable riches of the Arago area. Expect WIND this year.

The afternoon reviews of work done during the day will be at only three different locations over the thirteen days of the PaintOut.

The Embedded Workshop will offer focused discussion, individual instruction, demonstrations and specific problems/ challenges /assignments designed to encourage your painterly and creative responses to these specific environments. The Embedded Workshop is the only fee-based activity of the PaintOut. An Open Review each afternoon at 5:00 pm. is for everyone who wishes to share work they did on location that day.

The first day we will all gather at the Lighthouse anytime after 9:00 AM. Workshop people will stay grouped for the next three days. However, unless you are in the Workshop please choose the most advantageous sites for YOURSELF - in response to your enthusiasm for particular subject matter and perhaps changing, locations mid-day for the light and probably shelter from wind. REGARDLESS of where you paint, bring your day's work to the designated review site by 5:00 pm. The Open Review will commence at 5:00 pm sharp each day except Sunday.

Having encouraged your personal choice of painting sites, it is all the more important and interesting to gather and share your work at the Open Review. This is the essence of the PaintOut. Each evening at the review we'll discuss the locations most favored for the following morning. Cell and Web access can be shaky in places so its great to gather in the late afternoons - really, rather than virtually.

Mon. July 10th

Meet and Greet whoever can make it for a warm-up painting day - first day painting in the vicinity of Coquille Lighthouse
Site: 3 mile drive into the lighthouse on Bullards Beach Road from Hwy 101 through Bullards Beach State Park.
Review Site for all: 5:00 pm at one of the Bullards Beach Group Picnic sites en route to the lighthouse.

Tuesday July 11

Day #1 Workshop: workshop participants gather at 10:00 AM at Face Rock State Scenic Viewpoint off of Beach Loop Drive south of Face Rock Drive
Review Site: Bandon City Park, 11th Street SW
4:00-5:00 pm for Workshop Participants
5:00-6 pm for all other open PaintOut painters and friends

Wednesday July 12

Day #2 Workshop: workshop participants gather at 10:00 AM at South Jetty West of Old Town
Review Site- Bandon City Park, 11th St. SW
4:00-5:00 pm for Workshop Participants
5:00-6pm for open PaintOut painters and friends

Thursday July 13

Final Day of Workshop: workshop participants gather at 10:00 AM at Coquille Lighthouse
Review Site- Bandon City Park, 11th St. SW
4:00-5:00 pm for Workshop Participants
5:00-6pm for open PaintOut painters and friends

Friday July 14

Open PaintOut in Bandon Environs
Review Site- Bandon City Park, 11th St. SW
5:00 pm for the Open PaintOut

Bandon area subject matter and alternate painting locations include other sites in Bullards Beach State Park, Old Town out to Tupper Rock and South Jetty (restrooms and free parking), Old Town center Bandon docks and marina, the many parks available off of Beach Loop on the cliff top south of town center - Bandon Wayside (no restroom) Devil's Kitchen State Park, Table Rock, Face Rock, Marine Sanctuary from cliff accessible at the end of 11th Street, and China Creek (no restroom).

July 15-22 Cape Arago and Environs...

Shore Acres, Empire beaches, Charleston or South Slough Charleston marinas, South Slough National Estuarine Interpretive Center, Sunset Bay, Cape Arago State Park, Bastendorf Beach
Site characteristics: previously favored vantage points nearest the lighthouse are no longer accessible. We can paint Cape Arago Lighthouse from Shore Acres State Park. Lots of parking available- \$5 day-use/parking fee. Views of the distant Arago Lighthouse can be had from the first pullout east of Shore Acres plus a 5-minute walk from that pullout on narrow bark trails OR from Shore Acres parking lot, a 20-minute walk on bark path involving steps up and down ravines. This trail passes along a fabulous stretch of eroding sandstone cliffs and seas pounding over Simpson Reef. Lush surrounding forests are Spruce with salal/huckleberry understory. For painting the (distant) lighthouse I encourage dropping off your gear at the pullout (limited parking) for the shortest walks to viewpoints along trails, then park your cars at Shore Acres (restroom location) requiring a 20 minute walk back to your stashed gear and painting site. Per park rules, pets must remain in car at Shore Acres.

Saturday July 15- Cape Arago and Environs
Review Site- Sunset Bay St. Park, Day Use/Picnic Area at 5:00 PM

Sunday July 16: Free Day- No Review.
Bring your work from this day to Monday's 5:00pm review...
